

King of Prussia, Pa. – December 19, 2018

## Odor-Tech LLC to be merged into Arkema Inc.

**Odor-Tech LLC, one of the leading manufacturers of gas odorants in the U.S., is merging into its parent company, Arkema Inc., effective January 1, 2019. As a result, the Odor-Tech name will no longer be used after 2018, and all odorant business going forward will be conducted under the name Arkema.**

“For over 90 years, Arkema has been a worldwide leader in the production and supply of gas odorants, and this change further emphasizes Arkema’s commitment to the U.S. market,” said Olivier Griperay, market manager for Arkema Inc.’s gas odorants business in the U.S. “Customers will continue to receive the same on-time delivery, customer-friendly service, and dedication to excellence that they have come to rely on,” he added.

The company is in the process of changing its mailings, communications, product literature, website, and promotional materials to reflect the change.

“We appreciate our customers’ support during the transition, and we ask that they do not hesitate to contact us at [odortech.cs@arkema.com](mailto:odortech.cs@arkema.com) with any questions they may have,” said Griperay. “Our customer service email address is currently unchanged to help facilitate the transition,” he noted.

*A designer of materials and innovative solutions, Arkema shapes materials and creates new uses that accelerate customer performance. Our balanced business portfolio spans High Performance Materials, Industrial Specialties and Coating Solutions. Our globally recognized brands are ranked among the leaders in the markets we serve. Reporting annual sales of €8.3 billion (\$9.4 billion) in 2017, we employ around 20,000 people worldwide and operate in some 55 countries. We are committed to active engagement with all our stakeholders. Our research centers in North America, France and Asia concentrate on advances in bio-based products, new energies, water management, electronic solutions, lightweight materials and design, home efficiency and insulation.
